EXPERIENCE/PROJECTS

KS Technologies

Jan 2023 – Mar 2023

Web Developer Intern
Vadodara, Gujarat

- Gained hands-on experience in front-end and web development using HTML,CSS, JavaScript.
- Built responsive UI components and improved website layouts for better user experience.
- Strengthened understanding of debugging, code optimization, and cross-browser compatibility.
- Developed small modules independently as part of front-end development tasks.

Fixit - Online Marketplace for Local Services [Link]

2025

Technologies: React.js, Node.js, Express.js, MongoDB

Developed a web-based platform to connect users with local service providers.

- Implemented user authentication, service listings, booking functionality, and a provider dashboard.
- Built the frontend using React.js and the backend using Node.js, Express.js, and MongoDB.
- Implemented role-based access for users and service providers.

Personal portfolio website [Link]

2025

Technologies: React.js, Tailwind CSS, Vite

Designed and developed a responsive personal portfolio showcasing projects, skills, certifications, and contact information.

- Deployed the application on Vercel and integrated GitHub repositories and resume download functionality.
- Ensured cross-browser compatibility and mobile responsiveness.
- Integrated external links for GitHub projects and live demos.
