SUMMARY

Full-stack developer skilled in building modern, responsive, and scalable web applications using the MERN stack. Strong ability to convert ideas into real-world products, solve problems, and deliver complete end-to-end solutions.

TECHNICAL SKILLS

Frontend: HTML, CSS3, JavaScript, React.js
Backend: Node.js, Express.js
Database: mySql, MongoDB

EXPERIENCE

KS Technologies   Jan 2023 – Mar 2023

Web Developer Intern

Vadodara, Gujarat

- Gained hands-on experience in front-end and web development using HTML,CSS, JavaScript .
- Built responsive UI components and improved website layouts for better user experience.
- Strengthened understanding of debugging, code optimization, and cross-browser compatibility.
- Developed small modules independently as part of front-end development tasks.

PROJECTS

Fixit - Online Marketplace for Local Services [Link]

Technologies: React.js, Node.js, Express.js, MongoDB
- Buit the entire project independently, covering frontend UI, backend APIs, authentication, service listings, provider dashboard, and booking flow.
- Implemented secure login, CRUD operations, middleware, and optimized API performance for smooth usability.

Personal portfolio website[Link]

Technologies: React.js, Tailwind CSS, Vite
- Designed and developed a responsive personal portfolio showcasing projects, skills, certifications, and contact information.
- Deployed the application on Vercel and integrated GitHub repositories and resume download functionality.

IoT-Based Underground Fiber Optic Cable Safety System

Technologies: Arduino, IoT Sensors, Embedded C, GSM/Wi-Fi Modules
- Developed an IoT-based underground fiber optic cable protection system during diploma studies.
- Designed the system to detect cable depth and identify unsafe digging activity near fiber optic lines.

EDUCATION

Parul University   Expected: June 2026
B.Tech in Information Technology

Parul Polytechnique Institute   July 2020 - April 2023
Diploma in Information Technology

ADDITIONAL INFORMATION

- Familiar with Git, GitHub, and REST APIs
- Interested in MERN stack, SaaS products, AI/ML , and full-stack development.
- Strong debugging and problem-solving skills
- Languages: English (Professional), Hindi (Fluent), Gujarati(Fluent)
- Open to internships & full-time roles
